do not replant in same bed year after year.

do not replant in same bed year after year.

Square or Rectangular Beds:

Width X Length X # of bulbs per square feet = # of bulbs needed to fill beds.

Round Beds:

Radius (1/2 diameter of the circle, or width of the circle) X 3.14 # of bulbs per square feet.

Hints and Tips for

successful flower bulb growing.

Bulbs are not particular about soil except drainage is very important.

Bulbs we deliver are top size and ready to be planted.

Some bulbs may be damaged by deer or rodents in the spring, mainly Tulips and Crocus, best to plant these close to the home or in high traffic areas. More deer and rodent resistant bulbs are Anemone, Chionodoxa, Daffodil, Eranthis, Fritillaria, Galanthus, Hyacinth, Muscari, and Scilla.

How to plant a lot of bulbs quickly.

Figure out size of the area to be planted. Remove the soil from the area at required depth and place on tarp. Add bulb food. Loosen area 3-6" deeper to insure good drainage and root growth. Spread bulbs evenly in the planting area and position points up. Slide soil from tarp back onto the bulbs and tap down lightly and water thoroughly.

Tulip Mix Escapade

PLANTING BULBS

Spring flowering bulbs must be planted in fall to develop a root system before heavy frost sets in. It's good to wait until soil is below 60F. Most of the spring flowering bulbs require a period of winter cold for the best results in spring. Most bulbs do good in areas that do not receive direct sun light during the afternoon, but they will tolerate the sun. Early flowering bulbs are great to be inter-planted in a perennial border. Various bulbs can be inter-planted together for a longer flowering period.

HOW TO ORDER

Your order may be placed by phone, fax, or email.

AVAILABILITY

Availability changes fast with flower bulbs. We will do our best to fill your orders as specified. When the variety ordered is not available, we can almost always provide an alternate selection that is comparable in color and habit. If you do not want alternate bulb varieties shipped, please specify on your order.

DELIVERY

All orders will be direct shipped to you within 7-10 days.
Shipping begins approximately September 15th.

TERMS

Terms of 2% - 10 days, net 30 are available to customers with established credit, and does not apply to cash or C.O.D. orders. **Plus cost of freight!**

Non - credit customers will need to make arrangements for payment at time of order.
